bilateral investment treaties bits signed prior to the 21st century are problematic some countries with bits signed during this period have since reviewed those bits and taken action to address the disadvantages the bits held for the host nation or have either resorted to eradicating some of their bits in particular developing countries that signed bits with developed nations seem to be disproportionately disadvantaged in these agreements this research highlights kenya s current bit situation and compares it in light of another developing country south africa with regards to its bit experience given that south africa has undergone an extensive bit review process and moves to change some of these bits this study compares and contrasts the kenyan and south african experience the study highlights the possible lessons that could be learnt from the south african bit review experience and provides recommendations for the kenyan government regarding its outdated bits the lessons and recommendations benefit not only kenya but also other countries that are still to review their bits as it adds to the literature on why it is important for countries with such bits to revisit them and how they can go about the review mechanism best in addition the study is also significant as far as it raises awareness of the use and effects of bits thereby enabling countries that enter into such agreements to make informed decisions

james martin one of the world s most widely respected authorities on the impact of technology on society argues that we are living at a turning point in human history we are travelling at breakneck speed into an era of extremes extremes of wealth and poverty extremes in technology extremes in globalization if we are to survive we must learn how to manage them all although we face huge challenges and conflicts martin argues that it is in the scientific breakthroughs of the new century that we will find new hope in a clear penetrating and insightful style he addresses the key questions of our age and proposes

an interconnected set of solutions to its problems

the national immunization system has achieved high levels of immunization particularly for children however this system faces difficult challenges for the future significant disparities remain in assuring access to recommended vaccines across geographic and demographic populations these disparities result in part from fragmented publicâ private financing in which a large number of children and adults face limited access to immunization services access for adults lags well behind that of children and rates of immunizations for those who are especially vulnerable because of chronic health conditions such as diabetes or heart and lung disease remain low financing vaccines in the 21st century assuring access and availability addresses these challenges by proposing new strategies for assuring access to vaccines and sustaining the supply of current and future vaccines the book recommends changes to the advisory committee on immunization practices acip the entity that currently recommends vaccines and calls for a series of public meetings a post implementation evaluation study and development of a research agenda to facilitate implementation of the plan

the book is the fruit of douglas mark ponton s and co editor uwe zagratzki s enduring interest in the blues as a musical and cultural phenomenon and source of personal inspiration continuing in the tradition of blues studies established by the likes of samuel charters and paul oliver the authors hope to contribute to the revitalisation of the field through a multi disciplinary approach designed to explore this constantly evolving social phenomenon in all its heterogeneity focusing either on particular artists lightnin hopkins robert johnson or specific texts langston hughes weary blues and backlash blues jimi hendrix s machine gun the book tackles issues ranging from authenticity and musicology in blues performance to the blues in diaspora while also applying techniques of linguistic analysis to the corpora of blues texts while some chapters focus on the blues as a quintessentially american phenomenon linked to a specific social context others see it in its current evolutions as the bearer of vital cultural attitudes into the digital age this multidisciplinary volume will appeal to a broad range of scholars operating in a number of different academic disciplines including musicology linguistics sociology history ethnomusicology literature economics and cultural studies it will also interest educators

across the humanities and could be used to exemplify the application to data of specific analytical methodologies and as a general introduction to the field of blues studies

the number one bestseller in twenty one bite sized lessons yuval noah harari explores what it means to be human in an age of bewilderment how can we protect ourselves from nuclear war ecological cataclysms and technological disruptions what can we do about the epidemic of fake news or the threat of terrorism what should we teach our children the world renowned historian and intellectual yuval noah harari takes us on a thrilling journey through today's most urgent issues the golden thread running through his exhilarating new book is the challenge of maintaining our collective and individual focus in the face of constant and disorienting change faced with a litany of existential and real crises are we still capable of understanding the world we have created harari has teed up a crucial global conversation about how to take on the problems of the 21st century bill gates new york times 21 lessons is simply put a crucial book adam kay author of undoctored

what does the future hold for the welfare state in the post industrial 21st century political and economic forces are threatening the taxation regimes of highly globalised capitalist societies prompting an urgent debate around the function of the welfare state and how we pay for it in a challenge to current policy and thinking david byrne and sally ruane deploy the concepts and analytical tools of marxist political economy to better understand these developments and the possibilities they present for social change using the snp in scotland as an illustrative case study current debates are related to a critical understanding of the relationship between taxation and spending issues that are fundamental to early 21st century politics and the future of the welfare state

the book has been written at a time we are all experiencing change we have all been given numerous wake up calls to alter the way we live the author hopes that the guidelines set out in this book may be of some help to those who wish to read it
