reminiscent of the children's classic *The Little House* comes a picture book about a house and

how the world changes both outside and inside of it over generations house has always loved the people inside when they move out house s halls grow quiet his windows dark he hopes with all his shingles that there will be other inhabitants and joys to discover as generations pass house experiences new people and traditions and learns that love can come in many forms reminiscent of the beloved children s classic the little house by virginia lee burton katy s duffield s lyrical heartwarming text and jen corace s exquisite illustrations bring warmth and vulnerability to the different ways a house becomes a home

inclusion in the american dream brings together leading scholars and policy experts on the topic of asset building particularly as this relates to public policy the typical american household accumulates most of its assets in home equity and retirement accounts both of which are subsidized through the tax system but the poor for the most part do not participate in these asset accumulation policies the challenge is to expand the asset based policy structure so that everyone is included

long climb up to find home by karl hering long climb up to find home is a romantic adventure of survival and murder as a long distance runner and mountain hiker for most of his adult life wade thinks he is prepared for just about anything until he makes a startling discovery high atop a mountain on a search and rescue mission the challenges do not end with the mission however as he must now navigate new territory with a woman who is on a mission of her own through it all the reader will witness that adversity can be conquered and can even lead to a more satisfying life

how cookie found a home is a short fun children s book that tells the tale of cooke a small cat who one day gets lost away from home and begins a journey to find a new perfect home she lives in a few different houses with different people until she finally finds the perfect home with mama and papa cookie

portable shell scripting is the future of modern linux os x and unix command line access

beginning portable shell scripting from novice to professional teaches shell scripting by using the common core of most shells and expands those principles to all of scripting you will learn about portable scripting and how to use the same syntax and design principles for all shells you will discover about the interaction between shells and other scripting languages like ruby and python and everything you learn will be shown in context for linux os x bash and applescript what you will learn this book will prime you on not just shell scripting but also the modern context of portable shell scripting you will learn the core linux os x shell constructs from a portability point of view how to write scripts that write other scripts and how to write macros and debug them how to write and design shell script portably from the ground up how to use programmable utilities and their inherent portability to your advantage while pinpointing potential traps pulling everything together how to engineer scripts that play well with python and ruby and even run on embedded systems who this book is for this book is for system administrators programmers and testers working across linux os x and the unix command line table of contents introduction to shell scripting patterns and regular expressions basic shell scripting core shell features explained shells within shells invocation and execution shell language portability utility portability bringing it all together shell script design mixing and matching

in this thought provoking study ali mirsepassi explores the concept of modernity exposing the eurocentric prejudices and hostility to non western culture that have characterized its development focusing on the iranian experience of modernity he charts its political and intellectual history and develops a new interpretation of islamic fundamentalism through the detailed analysis of the ideas of key islamic intellectuals the author argues that the iranian revolution was not a simple clash between modernity and tradition but an attempt to accommodate modernity within a sense of authentic islamic identity culture and historical experience he concludes by assessing the future of secularism and democracy in the middle east in general and in iran in particular a significant contribution to the literature on modernity social change and islamic studies this book will be essential reading for scholars and students of social theory and change middle eastern studies cultural studies and many related areas

magical realism in twenty first century transnational fiction the global supernatural offers a much needed re evaluation of magical realism moving beyond traditional postcolonial frameworks to explore its vibrant evolution in the 21st century analysing the works of contemporary authors like helen oyeyemi mohsin hamid preeta samarasan and junot díaz this book explores how magical realism has been adapted to depict the complex fluid identities and experiences of migrants and their children in a globalised world by employing the psychoanalytic concept of relationality it examines the intricate interplay between cultures beliefs and personal narratives challenging outdated notions of magic versus realism this study reveals how the supernatural is used to express the disorientation paradox and trauma of transnational lives this book is essential for anyone seeking to understand the enduring creative power of magical realism
