a great product a charismatic leader an exact plan to many entrepreneurs all three are prerequisites to building a successful lasting company purchase this in depth summary to learn more

jim collins international bestselling author of good to great offers transformative lessons on constructing and reconstructing a life through the cliff moments and transitions we all will face repeatedly in our lives what to make of a life it is a question we all wrestle with more than once how do we find our way in the world how do we make it past the cliffs significant events that

can radically change a life how do we keep the inner fire burning bright long and late inspired by relentless curiosity jim collins devoted a decade to studying these questions and to minutely analyzing those moments when life flips from clarity to confusion and casts us into a befuddling fog his exploration follows various lives side by side paired together at cliffs and analyzes the different choices made and divergent paths taken two rock musicians confronting a future without the group that had brought them success two public figures tainted by scandal having to make decisions about how to rebuild their lives two suffragists achieving their epic goal and so left with the puzzle of what to do next two figure skaters seeking new purpose when their olympic careers come to an end what emerges from collins s extensive studies of writers actors scientists leaders and many others is a framework for understanding how individual lives can be built sustained and constantly renewed by examining the long arc of these remarkable lives collins tackles life s questions what does it take to discover a deeply fulfilling role in life one that you are naturally encoded for and then to find a second one if the first one ends overcome a major cliff a fracture point that forces choices about what s next and calls for you to re envision the years to come make your personal economics work so that you can focus on one big thing that feeds your inner fire navigate the fog when you feel uncertain or even outright lost and build confidence step by step build personal momentum decade upon decade so that your most creative and energetic years are spread across an entire lifetime achieve the imperative to know thyself and apply self knowledge to each phase of life and for the first time collins movingly chronicles his own story to reveal how undertaking this project transformed him changing his thinking and reshaping his emotions in fundamental ways surprising story driven deeply researched and uplifting what to make of a life is a book like no other convincingly showing how a richly fulfilled life is within reach of us all

good to great by jim collins key takeaways analysis review preview what does it take to make something an activity a work of art a company great what are the factors that distinguish the merely good from the truly great in good to great why some companies make the leap and others don t jim collins offers insight into what makes a business truly great please note this is key takeaways and analysis of the book and not the original book inside this instaread of good to great overview of the book important people key takeaways analysis of key takeaways

this book presents a new model the competency framework for students innovators entrepreneurs managers and anyone who wants to better understand the dynamic world of innovation and entrepreneurship focused on both the individual and strategic organizational level this book is about people and the competencies each person needs to learn to be successful in creating a more dynamic future matthews and brueggemann s framework for innovation and entrepreneurship competencies empowers individuals to excel at innovation and new venture creation it provides a practical guide and clear and concise understanding of the knowledge skills attitudes and experiences that are needed to increase imagination creativity innovation and new venture creation capability innovation and entrepreneurship will be attractive for students of entrepreneurship innovation management and cross disciplinary classes such as design thinking presented in a modular format innovation entrepreneurship informs the future direction of people and technology as well as the educational systems producing the next generation of innovators and entrepreneurs based on extensive academic research this book is organized into two sections twelve innovation elements and twelve competency categories the elements are the foundation and the competency categories are the building blocks that inform our path toward a more precise understanding of how innovation and entrepreneurship plays an important role in economic development and our daily lives

1 new york times bestselling author brené brown returns with an urgent call to reimagine the essentials of courageous leadership in a time when uncertainty runs deep and bluster hubris and even cruelty are increasingly framed as acceptable leadership brown delivers practical actionable insights that illuminate the mindsets and skill sets essential to reclaiming focus and driving growth through connection discipline and accountability over the past six years brené brown along with a global community of coaches and facilitators has taken more than 150 000 leaders in 45 countries through her dare to lead courage building work in strong ground brown shares the lessons from these experiences along with wisdom from other thinkers this is a vital playbook for everyone from senior leaders developing and executing complex strategies to gen z ers entering and navigating turbulent work environments it is also an unflinching assessment of what happens when we continue to perpetuate the falsehood that performance and wholeheartedness are mutually exclusive with equal amounts of optimism and caution about ai brown writes i hear a lot of experts trying to soothe people s anxiety about the pace of technological change by offering platitudes like what makes us human will ensure our relevance this is dangerous simply because right now we re not especially good at what makes us human we re not hardwired for this level of uncertainty and many of us feel as if the constant need to self protect is driving the humanity right out of us this is why organizational transformation today must foster deep connection deep thinking and deep collaboration we need the courage to lead people in a way that honors and protects the wisdom of the human spirit brown offers a broad assessment of the skill sets and mindsets we need moving forward including the capacity for respectful and difficult conversations increased productive urgency and smart prioritization rather than reactivity and strategic risk taking paradoxical thinking and situational and anticipatory awareness skills she identifies the toughest skill set as the discipline humility and confidence to unlearn and relearn brown writes individuals and organizations are building new muscles finding our strong ground that athletic stance is

the only thing that can provide both unwavering stability in a maelstrom of uncertainty and a platform for the fast explosive change that the world is demanding

corporate social irresponsibility focuses on ethical failures in order to relate corporate responsibility to business ethics corporate governance and organization effectiveness the book advocates a strategic approach to csr ethical management cannot and should not be divorced from effective management corporate social responsibility has transitioned from oxymoron into a defining challenge of the twenty first century taking the recent financial crisis as a starting point alexander examines the underlying ethical and legal crises these events expose in the business world the problems that have come to light go beyond issues of firm financial performance into the integrity of the manufacturing and marketing processes and relations with consumers as such the book presents a model that resolves the apparent conflict between maximizing shareholder value and meeting the interests of other firm stakeholders alexander presents a balanced view contrasting her model with alternative approaches the book also covers the impact of globalization on management the ethics of outsourcing the limits of regulation as well as poverty alleviation and social entrepreneurship blending a comprehensive theoretical framework with a broad range of cases this book covers the latest major changes in us legislation as well as recent corporate scandals making it a valuable accompaniment to any course in csr business ethics or business government and society
